

Attendance: Lewis Steele, Paul Murray, Emma Brodzik, Mary Plauche, Taylor Upole, Mark Causey, Shea Groebner, Sam Mutiti, Lori Strawder, Alison Pourquoi, Alison VandeVoort, Savannah Ugan, Josefina, Doug Oetter, Donna Bennett.

Lori went over budget

- LED lights ~\$1000 under budget

- Started year with \$63,800

- Expenses in white have been expensed, blue have not

- Greywater underway, most likely under budget

- Recycling project- bins will be ready by spring semester

- \$21,779.81 remaining in budget for year

Shea is meeting with student for indoor air quality- beginning project  
Voted to reimburse Susan Daniels \$150 because Gardening club money was stolen

Subcommittees

Symposium- meeting next week, Contacted Ponce City market but no response. Looking into others

- Looking for Keynote

Gardening Club- Money was stolen. Events being held with Environmental Science Club. Crop mob at Babe and Sage today. Active at Farmer's Market. Helping Mehranian GC2Y class.

Env Sci club- Conference. Mushroom permaculture trip. Camping trip last month. Seize the grid next week- renewable campaign. America Recycles day. Adopt-A-Stream training last week. Could SFC possibly hold one? Can be set up with date and time.

GA Campus Sustainability Conference- Bussed. LEEDLABS- LEED buildings banned because reusing wood is not allowed, must buy new lumber.

Looking to certify students, should be free but must complete a project for them and online training

Recycling in dorms gives points which can be redeemed for merch

Well attended.

Communication/Press- Updating website. Moved Green Initiative to a wordpress blog for better content management.

Proposal updates

Solar tables- Looking to retrofit tables with panels rather than purchase new ones. Haven't heard back yet.

Composting- Composter ordered ~6 weeks for delivery. Should be ready to go by spring

Sustainability certificate- looking to make a class/program. Modeled after U of Vermont. No need to go to board of Regents, GC only. Would be a line on degree. Work into Core-curriculum? Need a 1st class for CHEM majors. Trying not to require additional instructors/funds. Staying away from taxonomy and cellular bio classes.

Reorganization- SFC funding now a separate line item instead of part of student activities fee. No longer need approval from SGA. E-mail discussion over new bylaws to be voted on at next meeting. Please participate in discussion.

Meeting adjourned at 1:52
